

AT THE PORT OF WILMINGTON, DELAWARE PROJECT CARGO IS NOT JUST ABOUT HEAVY LIFTING

IT IS ALSO ABOUT:

- ◆ Expertise with multi-modal project movements
- ◆ First project terminal on the Delaware River – 4 hours from the Atlantic
- ◆ Six “project friendly” deep-water open berths
- ◆ Immediate access to interstate highway system and class 1 rail service
- ◆ Local heavy lift rigging & hauling contractors
- ◆ 59 acres for outside storage
- ◆ On-dock staging for 40 rail cars – rail cargo width capacity up to 12ft. 6 in.
- ◆ Flexible ship start-time + 10 hour straight-time work day
- ◆ RoRo, High and Heavy capability
- ◆ Real time inventory management
- ◆ Efficient and experienced labor – commercial mindset

ROCKET BOOSTER CORE - 87 ft long from Ukraine.

CO2 STORAGE TANKS - 120 ft long & 100 tons from barge.

BREWERY TANKS from Germany discharged using Port mobile harbor crane.
